LIFE LINE SCREENING®
The Power of Prevention

Trusted by Hospitals Nationwide.

Life Line Screening has partnered with over **100 hospitals** across the country and has conducted **8 million** screenings since 1993.

Carotid Artery (Plaque) Screening —
Ultrasound scan of the carotid arteries that screens for buildup of fatty plaque — a leading cause of strokes.

Heart Rhythm Screening (Atrial Fibrillation) —
A quick and easy test using EKG electrodes placed on the arms and legs to identify the presence or absence of an irregular heartbeat.

Abdominal Aortic Aneurysm Screening —
Ultrasound screening for an abdominal aneurysm (enlargement) that could lead to a ruptured aorta.

Peripheral Arterial Disease Screening —
Evaluates for peripheral arterial disease (PAD) in the lower extremities, which increases the risk of heart disease.

Osteoporosis Risk Assessment —
Ultrasound screens the heel for bone mass density. Osteoporosis is painless and silent in its early stages.

PACKAGE 1

Plaque, Vascular Disease and Heart Rhythm Package — 4 tests for only **$139!**

PACKAGE 2

Add an Osteoporosis Screening for only $10 more — 5 tests for only **$149!**
A **$181** savings!

Screening results are provided to you in 21 days. We direct all participants with abnormal results to take the report to their physician. Carotid Artery and PAD screenings help identify the presence of Atherosclerosis, and if found, can be an early warning for higher risks of stroke and coronary artery disease. Such early warning information can help you and your doctor take important steps to reduce your risk for more serious health issues. If necessary, steps may include lifestyle and diet, medical therapies, and even more thorough follow-up testing and evaluation of your heart function. Appropriate modification of risk factors (including high blood pressure, smoking, heart disease, diabetes and poor diet) is also necessary for cardiovascular disease prevention. Our screenings cannot detect all forms of stroke risk or cardiovascular disease. All tests are for screening purposes only. You should consult with your personal physician regarding your screening results. Insurance Note: Life Line Screening does not participate in the Medicare program and the cost of our screening services is not covered or reimbursable by Medicare. Life Line Screening does not file insurance claims nor provide referrals to any physician's group or hospital. Screenings in California are provided by Life Line Mobile Screening, a physician owned practice. Screenings in Kansas are performed by Life Line Screening of America, Ltd. on behalf of Life Line Screening Physicians, P.A. Screenings in New Hampshire, New Jersey and New York are performed by Life Line Medical Screening, LLC (Dr. Andrew Manganaro, 70 Niagara Street, Buffalo NY, 14202). Life Line Screening does not engage in the practice of medicine in those states. This information is not intended to induce referrals by Life Line Screening to Life Line Medical Screening, LLC for any professional medical service. Texas residents: Physician authorization is required. A Life Line Screening affiliated physician will provide authorization for you if you qualify. Cancellation Policy: A full refund is issued if you call to cancel at least two days prior to your appointment. If less than two days' notice is given, we will issue a Gift card for the full amount to be used by you, or anyone you choose, to purchase future screening services.
